## Table of Contents

## Topic 1: Marketplace Dynamics

## Overall Economy and Company

1 Are you more or less optimistic about the U.S. economy compared to last quarter?
$\frac{1}{3}$ Rate your optimism about the U.S. economy on a scale from 0-100 with 0 being the least optimistic.
$\underline{5}$ Are you more or less optimistic about your own company compared to last quarter?
7 Rate your optimism about your company on a scale from 0-100 with 0 being the least optimistic.

## Customers

9 Rank your customers' top three priorities $(1,2,3)$ over the next 12 months: Low price
11 Rank your customers' top three priorities ( $1,2,3$ ) over the next 12 months: Superior product quality
Rank your customers' top three priorities $(1,2,3)$ over the next 12 months: Superior innovation Rank your customers' top three priorities $(1,2,3)$ over the next 12 months: Excellent service Rank your customers' top three priorities $(1,2,3)$ over the next 12 months: Trusting relationship Do you expect the following customer outcome in the next 12 months: Customer's purchase volume Do you expect the following customer outcome in the next 12 months: Customer's price per unit Do you expect the following customer outcome in the next 12 months: Customer will buy related products/services from my firm Do you expect the following customer outcome in the next 12 months: My firm's ability to retain current customers Do you expect the following customer outcome in the next 12 months: The entry of new customers into this market
29 Do you expect the following customer outcome in the next 12 months: My firm's ability to acquire new customers

## Partners

31 Does your firm use channel partners or go directly to market?
33 Do you expect the following partner outcomes in the next 12 months: Partner's purchase volume
Do you expect the following partner outcomes in the next 12 months: Partner will buy related products/services from my firm
Do you expect the following partner outcomes in the next 12 months: My firm will sell directly to end customers, not channel partners
Do you expect the following partner outcomes in the next 12 months: Partner's price per unit
Do you expect the following partner outcomes in the next 12 months: Partner's level of power in our relationship

## Topic 2: Firm Growth Strategies

43 Allocate 100 points to reflect your firm's spending on growth strategies during the prior 12 months
45 Rank factors in terms of their important for driving organic revenue growth in your organization: Having all stakeholders aligned
47 Rank factors in terms of their important for driving organic revenue growth in your organization: Having the right talent
49 Rank factors in terms of their important for driving organic revenue growth in your organization: Having the right data
51 Rank factors in terms of their important for driving organic revenue growth in your organization: Having the right operating model
53 Rank factors in terms of their important for driving organic revenue growth in your organization: Having the right technology

What percentage of your firm's sales is domestic?
What percent of your marketing budget do you spend on domestic markets?
Which international market is currently your largest (in terms of sales)?
Which international market that you are currently not in is your biggest opportunity for the future?
What percentage of your firm's sales is through the internet?

## Topic 3: Marketing Spending

$\frac{69}{71}$ By what percent has your overall marketing spending changed in the prior 12 months?
$\frac{71}{73}$ What is your company's percentage change in spending during the next 12 months in each marketing category?
$\frac{73}{75}$ What is your company's percentage change in spending during the next 12 months in each marketing knowledge category?
What percent of your marketing budget is currently devoted to training and development?
What percentage of your firm's overall budget does marketing currently account for?
Marketing expenses account for what percent of your firm's revenues?

## Topic 4: Financial and Marketing Performance

81 Rate your firm's performance during the last 12 months

## Topic 5: Social Media Marketing

| $\underline{83}$ | What percent of your marketing budget do you spend on social media? |
| :---: | :---: |
| 85 | How effectively is social media linked to your firm's marketing strategy? |
| 87 | How effectively does your company integrate customer information across purchasing, communication and social media channels? |
| $\underline{89}$ | What percent of your company's social media activities are performed by outside agencies? |
| $\underline{91}$ | How does your firm use social media? |
| $\underline{95}$ | To what degree has the use of social media contributed to your company's performance? |
| $\underline{97}$ | Rank the top three (1=best) social media activities in terms of impact on your company's performance: Blogging |
| 99 | Rank the top three (1=best) social media activities in terms of impact on your company's performance: Microblogging |
| 101 | Rank the top three ( $1=$ best) social media activities in terms of impact on your company's performance: Product reviews |
| 103 | Rank the top three (1=best) social media activities in terms of impact on your company's performance: Product design or co-creatio |
| 105 | Rank the top three (1=best) social media activities in terms of impact on your company's performance: Video sharing |
| 107 | Rank the top three (1=best) social media activities in terms of impact on your company's performance: Photosharing |
| 109 | Rank the top three ( $1=$ best) social media activities in terms of impact on your company's performance: Podcasting |
| 111 | Rank the top three (1=best) social media activities in terms of impact on your company's performance: Social networking |
| $\underline{113}$ | Rank the top three (1=best) social media activities in terms of impact on your company's performance: Forums |
| 115 | Rank the top three (1=best) social media activities in terms of impact on your company's performance: Social bookmarking |
| $\underline{117}$ | Rank the top three (1=best) social media activities in terms of impact on your company's performance: Virtual reality |
| 119 | Rank the top three (1=best) social media activities in terms of impact on your company's performance: We don't use social media |
|  |  |

## Topic 6: Mobile Marketing

123 What percent of your marketing budget do you spend on mobile activities?
125 Rate how well mobile marketing activities have performed in: Customer acquisition
127 Rate how well mobile marketing activities have performed in: Customer engagement
129 Rate how well mobile marketing activities have performed in: Customer retention
131 Rate how well mobile marketing activities have performed in: Delivering your brand message
133 Rate how well mobile marketing activities have performed in: Sales
135 Rate how well mobile marketing activities have performed in: Profits
137 To what degree has the use of mobile marketing contributed to your company's performance?
139 Do you think that the opportunity to pursue digital marketing opportunities has drawn your company's attention away from marketing strategy fundamentals?

## Topic 7: Marketing Jobs

141 By what percentage will your firm's marketing hires change in the next year?
143 When thinking about future marketing talent needs, what skills would you prioritize: Data science background
145 When thinking about future marketing talent needs, what skills would you prioritize: MarTech platform experience
147 When thinking about future marketing talent needs, what skills would you prioritize: Financial acumen
149 When thinking about future marketing talent needs, what skills would you prioritize: Creativity
151 When thinking about future marketing talent needs, what skills would you prioritize: Emotional intelligence
153 When thinking about future marketing talent needs, what skills would you prioritize: Curiousity
155 When thinking about future marketing talent needs, what skills would you prioritize: Natural leadership abilities
157 By what percentage will your firm's outsourcing of marketing activities change in the next year?
159 How many employees/marketing employees are in your company?

## Topic 8: Marketing Organization

161 Use of product and customer organizational structure in your firm.
163 How does your company approach the development of new marketing capabilities?

## Topic 9: Marketing Leadership

165 What is marketing primarily responsible for in your firm?
171 How many direct and indirect reports do you have?
173 How many years have you been with this firm in your current role? In any role?
175 Do you believe it is appropriate for your brand to take a stance on politically-charged issues?

## Topic 10: Marketing Analytics

177 What percent of your marketing budget do you spend on marketing analytics?
179 In what percent of projects does your company use marketing analytics before a decision is made?
181 To what degree has the use of marketing analytics contributed to your company's performance?
183 How important is the top management team in driving the use of marketing analytics in your company?
185 How important is the top management team in ensuring the use of marketing analytics impacts company performance?
187 To what extent is your company implementing artificial intelligence or machine learning into its marketing toolkit? Currently
189 To what extent is your company implementing artificial intelligence or machine learning into its marketing toolkit? Next three years
191 To what extent are blockchain technologies affecting your company's marketing strategies? Currently
193 To what extent are blockchain technologies affecting your company's marketing strategies? Next three years
195 Which best describes how your company shows the short-term impact of marketing spend on your business?
197 Which best describes how your company shows the long-term impact of marketing spend on your business?

Technical Note: Statistical differences between responses associated with various firm and industry characteristics are denoted with letters under the numerical scores. To interpret, refer to the labeled columns. For example, columns A-N for industry sector or columns A-C for percent Internet sales. Columns that share the same lower case letter are significantly different at $p<.05$, while those that share the same upper case letter are significantly different at $\mathrm{p}<.01$. Statistical differences are a function of both the mean and standard deviation.
