## Covid-19 and the State of Marketing

## Special Edition of The CMO Survey - June 2020

It has been over 100 years since our world has faced a pandemic of Covid-19's magnitude. The economic and social disruptions caused by the virus will continue for many months and a "new normal" for business seems likely in the long run. As a profession, business function, and organizational activity, marketing sits at the center of corporate responses to these challenges as companies shift their go-to-market activities.

This Special Edition of The CMO Survey provides the marketing profession with an understanding of how marketing activities, spending, jobs, and performance have been influenced by the upheavals of the past three months. Reflecting marketing's special position at the boundary between business and the marketplace, this Special Edition offers forward-looking insights regarding customer behavior, economic forecasts, and managing growth during these uncertain times. Drawing on the power of The CMO Survey's longitudinal view of marketing, we develop leadership lessons applicable across periods of crisis and into the future.

I hope these benchmarks will be useful to you and your company as you navigate this historic period.
My very best for your continued health and prosperity,

Christine Moorman
T. Austin Finch, Sr. Professor of Business Administration

Fuqua School of Business, Duke University
Founder and Director, The CMO Survey ${ }^{\circledR}$

## Special Edition of The CMO Survey - June 2020

## Survey Sample

2654 marketing leaders at U.S. for-profit companies; 274 responded for a $10.32 \%$ response rate; $97 \%$ of respondents are VP-level or above.

## Survey Administration

The survey was in field from May 5-27, 2020. It was administered via email with follow-up reminders.

## Reports

- Topline Report offers an aggregate view of Survey results
- Highlights and Insights Report shares key Survey metrics and trends over time
- Report of Results by Firm and Industry Characteristics displays Survey results by sectors, size, and sales

## Overview of The CMO Survey ${ }^{\circledR}$

Mission: To collect and disseminate the opinions of top marketers in order to predict the future of markets, track marketing excellence, and improve the value of marketing in firms and society.

Administration: Founded in August 2008, The CMO Survey is administered twice a year. Questions repeat to observe trends over time and new questions are added to tap into marketing trends. The survey is an objective source of information about marketing and a noncommercial service dedicated to improving the field of marketing.

Sponsors: Deloitte LLP, Duke University's Fuqua School of Business, and the American Marketing Association. Sponsors support The CMO Survey with intellectual and financial resources. Survey data and participant lists are held in confidence and not provided to survey sponsors or any other parties.
